Who is your internet provider now?

What problems are you experiencing? How is it impacting you?

What are your speeds?

What would you like to do that you can't (for example - streaming, gaming, home security cameras, education, manage large file downloads, Zoom calls or other teleconferencing, cellphone service boosting, etc.)?

Does poor internet impact your healthcare/telemedicine, your child's education, work, teleconferencing, etc.?

How would better internet change your lifestyle?

Sincerely,
